

PUBLIC INTERACTIVITY

Facilities available in the Institute are available to the public as per the rules framed by the Institute.

There is a permanent exhibition maintained in the premises of the Institute. All the materials and facilities available in the Institutes are exhibited in this exhibition room.

Schools, Colleges and University students often visit this exhibition and also all the units of the Institutes as a part of their education programme., Also, students from various universities, colleges and from professional colleges come to the Institute in getting training in the area of functional communication, phonetics and computer based material development etc.
